ABOUT US

Our Concept and Vision :

We, at Green Field believe in training our students to build an irrevocable conviction about right and wrong and evolve as unique individuals capable of taking stock of every situation, forming right decision without losing sight of the societal values and norms. Keeping pace with this paradigm shift, we have initiated a system where we provide life skills and value based learning to make their lives better and worth living.

The School also believes in developing spirit, intellect, knowledge and dispositions that support responsible commitment to human rights, sustainable development and improved living. We offer our students a stress-free environment which encourages creativity and critical thinking amongst them, giving an ample space for developing leadership skills and other hidden talents.

Our aim is to make every student of Green Field, a pride to the family and an asset to the nation. The school also provides a plethora of co-curricular and intergrated activities which help the students groom their personality and keep their roots embedded in Indian Values and culture. We have shifted from content based learning to competency based learning by inculcating, intellectual, aesthetic, social, physical, emotional, and moral capacities of human being in an integrated manner as per our holistic and multi disciplinary education system.

Mr. Prithvi Singh Kasana

School Counselling

“TRANSFORMING WORRIES INTO OPPORTUNITIES"

“The good life is a process, not a state of being. It is a direction not a destination.”

At GFPS Counselling plays a pivotal role in supporting students' academic, social, physical and emotional development. Through an individual and group sessions, counsellor provides a safe space for students to express their concerns, explore their strengths and develop coping strategies. Whether it's helping students navigate academic challenges, manage stress and anxiety, or address inter or intrapersonal conflicts, counsellor offers valuable guidance and throughout support. They collaborate with teachers, parents and other stakeholders to create a holistic support system tailored to each student's needs. By promoting a positive school climate and fostering resilience, school counselling contributes significantly to students' overall well-being and success.

“Courage doesn't always roar. Sometimes courage is the quiet voice at the end of the day saying, I will try again tomorrow.”

Teachers

Teachers- "The Pillars of School"

Teachers and other staff members at GFPS deserve boundless appreciation for their wavering dedication, profound impact and tireless commitment to nurturing minds. They are the guiding lights in the educational journey, shaping futures, igniting passions and instilling invaluable life lessons. With Compassion and patience, they tirelessly work to unlock each student's potential, fostering a love for learning and empowering them to overcome obstacles. Beyond the curriculum, our teachers serve as mentors, confidants and champions, shaping not just academics success but also character development and resilience. Their influence extends far beyond the class room, leaving an indelible mark on the lives they touch. In celebrating our teachers, we honour their profound contributions to society and recognize the transformative power of education they embody.
