

GREEN FIELD PUBLIC SCHOOL

Transcending Boundaries....

PROSPECTUS

About us

Our Vision....

We, at Green Field, believe in training our students to build an irrevocable conviction about right and wrong and evolve as unique individuals capable of taking stock of every situation, forming right decision without losing sight of the societal values and norms. Keeping pace with this paradigm shift, we have initiated a system where we provide life skills and value based learning to make their lives better and worth living.

The School also believes in developing spirit, intellect, knowledge and dispositions that support responsible commitment to human rights, sustainable development and improved living. We offer our students a stress-free environment which encourages creativity and critical thinking amongst them, giving an ample space for developing leadership skills and other hidden talents.

Our aim is to make every student of Green Field a pride to the family and an asset to the nation. The school also provides a plethora of co-curricular and integrated activities which help the students groom their personality and keep their roots embedded in Indian Values and culture. We have shifted from content based learning to competency based learning by inculcating, intellectual, aesthetic, social, physical, emotional, and moral capacities of our students in an integrated manner as per our holistic and multi disciplinary education system.

Our unique teaching and learning process with a proper blend of theory and practice endues the unique capabilities, respect for diverse integrity and transparency including resource efficiency at GFPS. flexibility with extensive use of technology and experiential learning co-exist with CBSE curriculum and better understanding of NEP (New Education Policy) encourages the students to transcend the traditional boundaries of learning and extends it to the global excellence.

We welcome creative, innovative and fresh ideas to carry forward the legacy of our school to the coming generations.
